SAMAR

THE PRIVILEGE
OF SILENCE

CHARTER

The Mediterranean, with nothing to disturb its beauty.

A day at sea should feel like the Mediterranean itself: effortless, relaxed and deeply enjoyable. One-day charters aboard your SAMAR solar-electric yacht do exactly that.

Departing from Palma’s Club de Mar, every private charter includes your own captain. From then on, the sea is yours to enjoy in silence as you glide from cove to cove, anchoring wherever the mood takes you for long lunches, a swim, and unhurried moments in discreet harmony with your surroundings.

For what makes the experience so unique is what is absent.

No engine noise, no vibration, no fuel smells. Just the sound of water against the hull, conversation, music and the sea itself.

SAMAR

State-of-the-art technology with a touch of local heritage

First, you step aboard a contemporary interpretation of the traditional Balearic llaüt, combining refined aesthetics with solar-electric technology. Then you relax luxuriously into your surroundings with everything to enjoy around you. The hydraulic platform makes access to the sea effortless. Paddle, snorkel or explore with our selection of water toys, then return on board to spend the afternoon doing very little at all.

Sunset cruises, multi-day charters and private events are available upon request.

Boat Details

General

Brand	SAMAR Yachts
Model	SAMAR 50
